In October 2010, the Brea Olinda Unified School District (BOUSD) began construction of the new Olinda Elementary School located adjacent to the Brea Sports Park on Birch Street. The new Olinda Elementary School is scheduled to be opened in the winter of 2012. It is the intent of the District to permanently close the existing Olinda Elementary School facility, located at 109 Lilac Lane, Brea California, after relocating staff and students to the new school site. When a school district closes an existing school within the district and determines that the school is no longer needed for school purposes, the school site is deemed "surplus property."

California Education Code provisions require the District to appoint a committee to advise the Governing Board on use or disposition of school sites which are no longer needed for school purposes. The District's Governing Board approved the appointment of advisory committee members at the August 29, 2011 Board meeting. The advisory committee has conducted two public meetings. The initial meeting was held on September 29, 2011 and a second public meeting was conducted on October 17, 2011.

A central charge of the advisory committee is to hold a public hearing to offer community members the opportunity to provide input regarding the disposition of the school site in question. A public hearing will be held on Monday, November 7, 2011 at 7:30 p.m. in the Brea Civic and Cultural Center, Community Rooms A & B, to offer the community an opportunity to comment on the disposition of the existing Olinda Elementary School site.
